DETAILED ACTION

Amendment

1. Acknowledgment is made of application's Amendment, filed March 09, 2006. The changes and remarks disclosed therein have been considered.
2. Claims 1-20 are pending. Claim 20 is newly added.

Allowable Subject Matter

3. Claims 1-20 are allowed over the art of record.
4. The following is an examiner's statement of reasons for allowance: There is no suggestion or teaching in the art of record to provide a first and second regulation stages generating output voltage for the programming phase and soft programming phase wherein the output voltage of the first stage also is a supply voltage for the second stage, in combination with the remaining claimed limitation as recited in the independent claim 1, nor is there suggestion or teaching a circuit switch responding to a control signal to selective connect the output of the first voltage regulation stage to the second output of the second voltage regulation stage, in combination with the remaining claimed limitation as recited in the independent claim 7, nor is there suggestion or teaching a selection circuit responsive to the programming control signal for applying the programming ramp voltage to the common gate connection in a first operating mode and applying only the soft programming voltage to the common gate connection in a second operating mode, in combination with the remaining claimed limitation as recited in the independent claim 13.
